

CS01 Confined Space Entry and Awareness

Course duration: 1 day

Course overview

Forming the entry level confined space course at Breathe Safety, the CS01 provides candidates with a solid knowledge of confined space working on which to build. Based on the National Classifications for Confined Space and the Confined Spaces Regulations 1997, this course focuses on entry into confined spaces using escape breathing apparatus as part of a planned self-rescue procedure.

Who should attend?

This qualification is suitable for operatives and supervisors alike. Covering the fundamental principles of confined space working, any person with any exposure to confined space is recommended to attend this course. Although primarily aimed operatives it is a necessary foundation for all persons looking to progress their understanding of confined space entry.

Course Content

The course gives candidates knowledge and competence in the following areas:

- Understanding of the Confined Space Regulations 1997
- Ability to interpret the Water UK Confined Spaces classifications
- Understanding the hazards and risks associated with confined space
- How to identify and control such risks
- Safe use and interpretation of gas monitoring equipment
- Safe use and pre-use inspection of entry equipment – tripod, winch, fall arrest mechanisms, harnesses and safety lines

- Safe use of compressed air escape breathing apparatus
- Working to a safe system of work
- Reacting safely and effectively in an emergency situation

Training Delivery Methods

Combining a perfect balance between theoretical and practical learning, a variety of teaching methods are used to ensure that candidates successfully complete the course, with the knowledge required to work safely.

All our instructors are fully qualified as assessors, and are trained first aider's, giving the assurance your staff are in safe hands. Professional delivery methods, coupled with expert industry knowledge guarantee that learning outcomes are met.

Qualification

- Qualifies candidates to enter 'Medium Risk' confined space environments with compressed air escape breathing apparatus and associated equipment
- Breathe Safety Accredited
- Certification and ID card
- Valid for 3 years

Possible further learning

The following courses are recommended for further learning:

- CS02 – Confined Space Entry with Working Breathing Apparatus
- CS03 – Management and Supervision of Work in Confined Spaces

Or consider upgrading to a City and Guilds Qualification
